

Letting you deliver more product per man hour

Turn compliance into a competitive advantage with Coretex 360

1 Business Monitoring

Extensive monitoring, including water add, drum rotation, slump, job status and more.

2 Integrations

Full two-way integration with Marcotte, Command Alkon, Jonel, and WheresMyConcrete for jobs, integrated statusing, water add and location tracking.

3 Construction Specific Rulesets

Fully certified ELD solution with multi driver rule sets across US and Canada. Supporting permanent and temporary vehicle installations as well as specific construction driver rulesets.

Return on Investment

- 1** Reduce time to investigate incidents

2 More trips per man hour

3 Automate Compliance
- 4** Optimize vehicle servicing

5 Increase staff & asset utilization

6 Paperless solution

“

I recommend Coretex because unlike other providers, we can trust and rely on their hardware & software in real time. Their after sales support is excellent – which is very refreshing.
